Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of fruitless search, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, are dissolved in the joints and muscles and expelled from the body.

With this idea in mind, he consulted physicians, made experiments and finally compounded a prescription which quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging, he decided to let sufferers everywhere know about his discovery through the newspapers. Lee & Co. Company has been appointed agents for Allen's in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit.

FEDERAL JUDGE RULES ON LIQUOR PROSECUTIONS

A defendant who has been convicted in a higher court for violation of a statute of the state, whether enacted before or since the enactment of the eighteenth amendment to the constitution, cannot be again prosecuted in a federal court on the same facts for violation of the national prohibition act.

The court held that the state may by appropriate legislation exert its power to enforce article 18, either by new legislation or by appropriate existing legislation. Neither article 18 nor the congress sought to destroy any existing remedy by a state to curb the drink evil, and where existing remedies are provided by a state, available for the enforcement of article 18 and in harmony with the national prohibition act, the power of the state through its courts may be invoked and a conviction in a state court which is in violation of the national prohibition act is a bar to a prosecution in the federal court.

The concurrent power given to the state does not, however, authorize the state to deprive a citizen of municipal rights, as it is a power which must be exercised by the state itself, and a conviction for violation of a municipal ordinance, pursuant to a grant of power given by the state, is not a bar to prosecution in the federal court for violation of the provisions of the national prohibition act.

OBITUARY

James Conlan.

Tuesday morning the long and peaceful life of James Conlan came to an end at his home in Norwich, Conn.

He was born in the County Meath, Ireland. He was tenderly cared for by the loving members of his family, who did everything to make the sunset of his life as bright as the dawn.

He was a member of the St. Patrick's church, and a devoted husband and father. He was a good neighbor, always ready to help those in distress, and had the respect of all who knew him.

ARGUMENTS IN AUTOMOBILE SUIT

Medical testimony made up a large part of the evidence produced in the superior court here Wednesday before Judge George E. Hinman in the trial of the four suits against W. Harry Jennings of this city arising from an automobile accident July 25, 1919, on Broadway near the corner of Broad street.

When the machine of Lee Shannor, of Norwalk, was in collision with the Jennings automobile.

Both sides rested and arguments were heard by the court. The case was argued by Mr. Shannor, of the plaintiffs, who are Mr. Shannor, Percy F. Morton, Mrs. Morton and Mrs. Lillian M. Tyler. The damages claimed in the four cases total about \$25,000.

One of the items in the claim of Mrs. Morton is about \$800 for expenses and medical attendance since the accident.

The case was argued by C. W. James with the first argument for the defendant and when Mr. James had concluded, the second argument for the defendant was begun by Attorney Tracy Wallace.

When the court came to the trial (Thursday) morning, Judge H. H. Pettis will make the final argument for the plaintiffs, closing the case.

With the continuation of the trial was taken up Wednesday morning, Thomas H. Crawford of this city was called to the stand by attorneys for the defense.

He testified that he was riding in the Jennings machine at the time of the accident, and that Mr. Jennings was not under the influence of liquor. He also said that there were no lights on the machine that collided with the Jennings machine.

Dr. C. G. Hildner and Dr. J. J. Donohue were called by the defense to give testimony as to the extent and permanency of the injuries to Mrs. Morton and Mrs. Tyler.

Dr. W. W. Callahan was called to the stand by attorneys for the plaintiff, giving his views as to the effect of the injuries that the two women had suffered. The three doctors had made an examination of the women together.

Another automobile damage suit is to be taken up as soon as the Shannor case is closed this morning. This is a two suits against J. N. LaPointe of New London, which will be tried together.

One is brought for \$19,000 by Mrs. William Schall of New York and the other for \$5,000 by her husband for an automobile accident that happened in New London in October, 1919.

Brown & Jones with Walter, Walter, Avery & Gallup are counsel for Mr. LaPointe and Attorney Belcher appears for Mr. and Mrs. Schall.

FEARS "UNDERGROUND" FOES OF MYSTIC ORAL SCHOOL

Dr. L. M. Allen, president of the Mystic Oral School for the Deaf, believes that there are "underground" influences which are bringing pressure to bear looking toward turning the school over to the control of the Hartford American School for the Deaf.

Dr. Allen voiced this sentiment at the hearing in Hartford Tuesday afternoon before the committee on humane institutions and some of those who heard him expressed doubt as to the mysterious influences at work.

Dr. Allen said, however, that he is firmly convinced that while no open opposition to the Mystic school appeared, he is firmly convinced that through the lobby, in which an attorney for the Hartford institution is said to be conspicuous, the Hartford school would be glad to get the Mystic school into its hands and abandon it.

Dr. Allen wants the state to take over the school and maintain it, but he is fearful of the results of the effect of the bill.

The bill provides for dissolving the Mystic Oral School for the Deaf corporation, ratifying transfer of the property to the state and creating a new school for the deaf, the Mystic Oral School for the Deaf.

Dr. Allen, president of the school, and Mrs. Clara McGuigan, who managed it for many years, sponsored the bill, but opposed any alliance with the Hartford institution. They both made it plain that oral teaching and sign language in the teaching of the deaf have nothing in common.

MASSACHUSETTS GETS \$154 IN NEW LONDON HOLDUP

Arthur B. Simpson of New London, formerly of Norwich, and partner in the firm of Dooley and Simpson, was held up Tuesday night at his home at 123 Linden street, New London. The hold-up man was masked and Mr. Simpson was under the impression that he carried a gun so raised his hands heavenward.

When the hold-up man saw that Mr. Simpson was unarmed, he released him. Mr. Simpson is of the impression that the hold-up was a robbery of some kind, but he is in the habit of carrying home large sums of money every night after closing the bowling alleys in Bank street.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia to Overcome Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal function of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get strong relief by taking a few capsules of Blaud's Magnesia and take a teaspoonful in a glass of water after each meal.

Blaud's Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, has no sourness or pain. Blaud's Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, has no sourness or pain.

TORTURED BY HER STOMACH

After Ten Years, She Found Relief in "Fruit-a-lives"

8807 SACO AVE., SACRAMENTO, CAL.

"I had Stomach Trouble for ten years, which became so bad that I got Stomach Cramps two or three times a week.

After years of terrible torture, I read about Fruit-a-lives or Fruit Liver Tablets, and sent for a trial box. After taking the trial box, I felt better, so kept on taking Fruit-a-lives for nearly a year, and am thankful to say 'Fruit-a-lives' saved my life."

At the annual session of the grand lodge of Connecticut held Feb. 13 and 14 an assessment of \$1.00 per member on the 34,000 members in the state was laid. The greater part of the fund thus raised will be devoted to making Connecticut's quota for the George Washington memorial temple.

HOMERNEW TUBS BROUGHT TO POLICE HEADQUARTERS

Police headquarters were redolent with the smell of yeast Wednesday afternoon and evening after officers searched the tenement of Tony Hancock at 20 North Trammes street and brought from it a sewer gas and better tube full of foaming mash, which some of the experts declared was the foundation for "homernew" beer.

A woman and two children were found in the apartment at 14 the upper floor of the house. The premises were searched thoroughly for a skull, but nothing of that kind was found.

Postal Savings Decrease

The postal savings department of the New London post office has \$22,900 on deposit and the number of depositors total 155, according to information furnished Wednesday. This amount is considerably smaller than has been on deposit there in times past, especially during the time when the Groton Iron Works was flourishing.

In a list of postal savings depository post offices with amounts on deposits in excess of \$100,000 are the following cities in Connecticut: Waterbury, \$192,600; Willimantic, \$169,000; Norwich, \$116,529; Stamford, \$115,641; Putnam, \$111,114.
